

REMARKS

Claims 1 and 3-24 were allowed on 29 March 2010 and the issue fee has not yet been paid. A Notice to File Corrected Application Papers was issued on 13 May 2010 requesting correction of an informality in the specification. Specifically, it was noted that the specification's Brief Description of the Drawings did not include a description of Figures 11A-13. Accordingly, Applicants have amended the specification herein to include a description of Figures 11A-13 in the Brief Description of the Drawings. Support for the amendment to the specification can be found on page 15, line 15 – page 16, line 23. Therefore, no new matter has been entered.

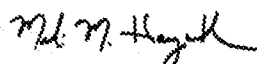

Please consider and enter the foregoing amendments and remarks prior to issuance of the application.

This amendment to the specification should be entered because it relates to a formal matter and does not raise any new issues causing further consideration or search. Therefore, Applicants request entry of the Amendment.

If there are any questions relating to this application, including this amendment, Applicants request that the Examiner telephone the undersigned attorney.

Please charge any additional fees or credit any overpayment to Deposit Account No. 13-2725.

Respectfully submitted,
